

Horti-Cote® Plus CRF

Base fertilizer for container nursery

Controlled Release Fertilizer

Most reliable release-curve in the market!

100% resin coated NPK, MgO and Trace elements
 Standard 15+ 6+11+2MgO + Trace elements
 High K 13+10+18+2MgO + Trace elements
 Longevities from 2-16 months

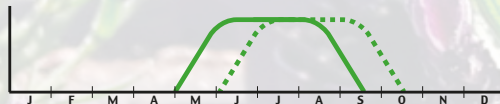

Horti-Cote® Top-dress CRF

CRF for top-dressing

Controlled Release Fertilizer

Standard 21+5+10+3MgO + Trace elements
 High K 14+7+20+2MgO + Trace elements

Longevities from 3-8 months

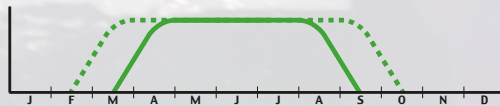

Arbo-Cote® CRF

Base fertilizer for larger containers

Controlled Release Fertilizer

Safe to use in larger size pots
 High % of resin coated material with extra magnesium
 Standard analysis 17+5+13+6MgO + Trace elements

Longevities 6-8-12 months

Granusol® WSF

Water Soluble Fertilizer

Granufert® WSF

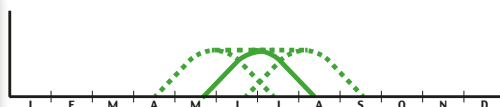

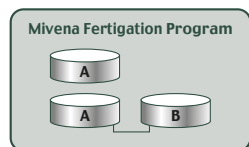

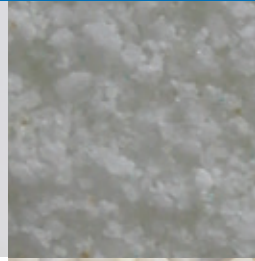

Water Soluble Fertilizer

Mivena Fertigation or foliar application programme

When performance is needed!

100% soluble crystalline powder fertilizer

- Maximum solubility
- Maximum purity
- Trace elements in 3 different chelates (EDTA, DTPA, EDDHA)

CONTAINER NURSERY

Field-Cote® CRF Intelligent base-fertilizer for open field cultivation 4–6–8 months

Controlled Release Fertilizer

Standard	22+5+10+5MgO + Trace elements
	26+0+ 8+8MgO + Trace elements
Allround	19+0+19+2MgO + Trace elements
	20+5+20+2MgO + Trace elements
High K	15+0+20+8MgO + Trace elements

Longevities: 4–6–8 months
Different analysis are available

Granustar® CRF Intelligent base-fertilizer for open field cultivation 3 months

Controlled Release Fertilizer

Standard	23+5+ 9+4MgO+Trace elements
Allround	17+7+16+5MgO+Trace elements
High K	12+5+25+5MgO+Trace elements
Full Season N	38+0+0 3–6 months

Hort-Mix® Granular trace elements

Trace Elements

Granular traces for extra application of Calcium, Magnesium, Boron, Sulphur, Copper, Iron, Manganese, Molybdenum and Zinc

Longevities 6–8 months
Dose: 100 Kg / Ha

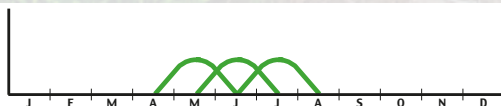

Granusol® WSF Complete foliar fertilizer

Water Soluble Fertilizer

Highest solubility and purity
Consists of macro- and micro-elements, with added MV10 vitamin package for increased nutrient uptake

Standard	27+15+12+ MgO + Trace elements + MV10
Allround	20+20+20+ MgO + Trace elements + MV10
High K	10+10+30+6MgO + Trace elements + MV10
High P	10+52+10+ MgO + Trace elements + MV10
